

DISPOSITIONS ASSESSMENT

Powers for Problem Solving & Lifelong Learning

SUITABLE FOR
YEARS
3 - 6

STUDENT: _____

PROJECT / TOPIC : _____

CLASS: _____

You were:

0 1 2 3 4 5

Open-minded	You were open to getting new ideas. You considered the ideas and opinions of others.						
Flexible	You looked at the issue or problem from several viewpoints. You changed your plan if it wasn't working.						
A Risk-taker	You were willing to try new ways of doing things. You weren't afraid of making mistakes.						
Resourceful	You found inventive ways to overcome difficulties. You improvised if you didn't have the resources you needed.						
Patient and Persistent	You put a lot of extra thought and time into developing and expanding your ideas (elaboration). You didn't give up when things became difficult.						
A Ubiquitous Learner	You showed that you can think, learn and create anywhere, anyhow, anytime (not just at school).						
Reflective	You thought deeply about the thinking that you used. You thought deeply about what you had learned.
